

Wholesale 100% Natural Lump Charcoal

Clean burn, easy light, low smoke/ash, medium chunk, medium to high burn/temp

Great to do a Co-Op buy with your friends and save over 50% of Retail prices, if kept dry charcoal will last for years. New plastic lined bag.

\$33 per 20kg Bag + FREIGHT Inc GST

NEW !!! Also available is 10kg Natural Tube Charcoal 100% Natural no chemicals or fillers very clean burn, (in a plastic lined cardboard box) much higher BTU's than standard charcoal and much longer burning, cleaner less ash, just a bit harder to light, great when used in conjunction with natural lump (this is my secret demo charcoal recipe when I do all day cooks at events and demo's !!)

\$23per 10kg Box + Freight Inc GST

You can mix an order of both products so long as it's a minimum of 400kg in total,

**Prices from \$1.65 Per kg plus freight! Compare that to store prices!
SAVE \$\$\$**

In fact a 60/40 blend of the both these is the most efficient long lasting medium to high temp blend of charcoal available in Australia.

General freight only (**You must have forklift at receiving end**)

(Freight Prices Shown are per pallet, does not vary for smaller orders) You can nominate and sort your own freight if you like, lead times are around 3-5 days from order East Coast, Strictly Invoice payable prior to delivery.
